

BIOTECHNOLOGY/PHARMACEUTICAL

INSTRUMENT CALIBRATION SERVICES

With over 30 years experience, Instrument Technologies, Inc. has lead in the field of instrument calibration service and training. We have structured our entire program around complying with and meeting the most stringent quality and regulatory requirements. Our technicians are highly skilled and meticulously trained and our calibrations are traceable to the National Institute of Standards and Technology (NIST). Our processes and documentation comply with all relevant FDA, ISO, GMP, cGMP, GLP, ASTM and 21 CFR requirements and we offer our services either on-site at your facility or off-site at ours.

INSTRUMENT TECHNOLOGIES

INCORPORATED

BIOTECHNOLOGY PHARMACEUTICAL

INSTRUMENT CALIBRATION SERVICES

Calibration Capabilities Includes:

Laboratory Instrument Calibration Capabilities Including:

Centrifuges (Speed/Time/Temp.)
Refrigerators
-80°C and -20°C Freezers
LN2 Freezers
CO2 Incubators
Temperature and Humidity Incubators
Handheld Thermometers
pH/ORP Devices
Dissolved Oxygen Meters
Conductivity/Resistivity Meters
Ovens, Furnaces and Muffles
Walk-in Chambers and Freezers
Timers and Stopwatches
Scales and Balances
Micrometer and Calipers
Water Baths
Rockers and Shakers
Moisture Analyzers
Refractometers
Torque Devices
Autoclaves
Chart Recorders
And Others

Temperature / Humidity Calibration Capabilities Including:

Liquid in Glass Thermometers
Dial Thermometers
Digital Thermometers
RTD Probes
RTD Indicators/Transmitters
Thermocouple Probes
Thermocouple Indicators/Transmitters
Temperature Controllers
Humidity Indicators/Transmitters
Chart Recorders
Data loggers Calibration
Dry Block Calibrators

Water Baths
And Others

Pressure Calibration Capabilities Including:

Pressure Indicators/Transmitters -
(0.1" H2O – 15,000 PSI)
Vacuum Indicators/Transmitters
Manometers & Micromanometers
Barometric Pressure Devices
Differential Pressure Devices
Pressure Relief Valves
And Others

Process Instruments Calibration Capabilities Including:

Control Valves
On/Off Valves
Level Switches
I/P Transducers
Level Transmitters
Pressure Transmitters
Temperature Transmitters
Open Channel Flow Flowmeters
Differential Pressure Flowmeters
Vortex Flowmeters
Gas Detectors
And Others

Analytical Instruments Capabilities Include:

pH/ORP Devices
Gas Analyzers/Chromatographs
Conductivity/Resistivity Devices
Dissolved Oxygen Devices
TOC Analyzers
Osmometers
Moisture Analyzers
Refractometers

Instrument Technologies, Inc., focuses on quality combined with exceptional service! We are committed to continuous improvement and operational excellence in order to meet your standards as well as ours. We know how important our services are to your business and stand behind everything we do with a 100% satisfaction guarantee, which has exceeded all our customers expectations.
